- Airport Ridge wants to discuss raising the entry/target fees for the 2027 state shoot

**Agenda Items:**

- Eagles Nest getting a grand prix how can we help support
- QuickBooks
- $0.01 Target increase - Placing additional funds into the 501(c)(3) account
- Club's paying fee's
- 2027 Ohio Registered Shoot Schedule 5 of 9 clubs submitted so far
    - Remaining: Airport Ridge, Cardinal, Eagle's Nest, Mad River
- Need updated board photos for website, please send to Jeff
- Website updates, thoughts, feedback, etc…
    - Who is developing the web page and managing Facebook?
- State shoot bid updates, homework to read bid form for November meeting and bring ideas
    - All club information, a course map to start, a webpage, and a booklet for the state shoot

- State shooter gifts - Idea’s to start thinking about

**Meeting Summary:**

The meeting focused on several administrative and operational updates for the organization. The board approved the September meeting minutes and reviewed the treasurer's report, which showed a total balance of $110,604.71 across checking, money market, and CD accounts. The board discussed supporting the Eagle's Nest Grand Prix dinner and decided to table a final decision until a formal proposal is reviewed. A motion passed to implement QuickBooks for accounting, and another motion passed to have Alan handle the organization's taxes. The board discussed the 2027 Ohio Registered Shoot Schedule and noted that most clubs had submitted their dates. A proposal to increase the state shoot target fee by 5 cents was approved to cover rising costs. The board also discussed a potential increase in the OSCA target fee by one penny to fund a 501(c)(3) for youth shooting, but the decision was tabled pending a more detailed plan. Alan provided an update on the 501(c)(7) and 501(c)(3) application process. The board discussed the state shoot gift idea, with a target budget of 20–25 per shooter. The meeting adjourned after these items were covered.

**Next steps**

**Alan**

- Proceed with setting up QuickBooks for OSCA, including getting it ready for the new year and assisting Todd with the setup.
- Continue working on the 501(c)(3) application process, aiming to submit the application in December.

**Christina**

- Write up a formal proposal for OSCA's support of the Eagle's Nest Grand Prix dinner and send it to the board for review before the next meeting.
- Work with Jeff to finalize and submit the 2027 registered shoot schedule to NSCA by early November.

**Jeff**

- Reach out to Tony at Mad River to get their 2027 registered shoot dates submitted.
- Investigate the current ownership and hosting of the OSCA website domain and report back to the board.

**Sean**

- Reach out to Casey to confirm who manages the OSCA Facebook page and assign someone to maintain it.

**Todd**

- Provide the board with a detailed breakdown of the trailer cost, number of advertising spots, and pricing per spot for the state shoot trailer proposal.

**Collaboration**

- All board members: Review the current state shoot bid packet and come to the next meeting with ideas for improvements and clarifications.
- All board members: Come to the next meeting with at least one idea for the state shoot shooter gift, keeping the budget in the $\$20 - \$25$ range per shooter.
- Todd and Jason: Draft a written plan outlining how the proposed OSCA target fee increase would be allocated, specifically addressing the use of funds for youth/sporting clays teams, to be presented at the next meeting.

**Eagle's Nest Event Planning Discussion**

The meeting began with the approval of motion minutes and a treasurer's report from Todd, who reported current financial totals of $110,604.71 across various accounts. The main discussion centered on supporting the Eagle's Nest Grand Prix event, where Christina requested help with dinner arrangements similar to the previous year's $10 per main event attendee contribution. The group decided to table the discussion until Christina provides a formal proposal with specific details and pricing, at which point they will vote on the support at next month's meeting.

**QuickBooks Implementation and Tax Services**

The board voted to implement QuickBooks software to help Todd, the treasurer, better manage financial records and generate reports. Alan, who will handle the year-end financials and tax return, offered to set up QuickBooks during that process. The board also discussed having Alan handle their tax preparation moving forward, with a motion being made and seconded to engage his services.

**Club Fees and Shoot Schedule**

The meeting focused on club fees and the 2027 Ohio Registered Shoot Schedule. William confirmed that clubs were paying their target fees and that McCritchie Park had been added to OSCA after sending a check for next year. Regarding the shoot schedule, Jeff reported that 5 out of 9 clubs had submitted their dates, with Airport Ridge, Cardinal, Eagle's Nest, and Mad River still pending. Christina mentioned she had been coordinating with several clubs to avoid date conflicts and would have their information submitted by the deadline of the 31st, while Jeff agreed to follow up with Mad River about their schedule.

**Trailer Advertising and Fundraising Plans**

The group discussed purchasing a trailer for advertising purposes, with plans to sell sponsorship spots to cover costs including sales tax. They explored pricing options, with a suggested rate of $1,000 per spot, though the exact number of spots and final pricing needed clarification. The discussion revealed a challenge regarding fundraising raffles, as Alan explained that state law requires being a 501(c)(3)

organization to conduct fundraising raffles in Ohio, while their current status is C7, with the C3 application process expected to take until December and potentially 60-90 days for approval after submission.

**Trailer Raffle Planning Discussion**

The group discussed organizing a trailer raffle as an alternative to previous buggies and golf cart raffles, with Doug proposed that advertising spots on the trailer would pay for its cost and any raffle profits would go to the organization. William raised questions about legal compliance and financial structure, while Alan clarified that since past raffles didn't generate profits, they likely wouldn't face legal issues. The discussion concluded with a suggestion that the club could run the raffle and then reimburse the organizers, allowing the raffle to proceed without violating tax regulations.

**Website Modernization and Updates**

The board discussed updating their website and photography, with Jeff leading the effort to clean up and modernize the site. Alan suggested replacing Joyce as the registered agent with Nicole to ensure better communication with the state. Sean mentioned receiving an update from Nikki Bowers regarding the code of regulations, and he advised the board to consider long-term website hosting options to avoid potential issues with third-party hosting services.

**Board Website and Operations Updates**

The board discussed transitioning their website to a hosted platform for better security and discussed social media management responsibilities. They approved a motion to allow Doug to increase the cost of next year's state shoot by 5 cents per target to cover increased fees from NSCA and potential White Flyer price increases. The board also confirmed that monthly board meetings would continue on the second Monday of each month with a permanent link on the website.

**OSCA Fees and State Shoot Planning**

The board discussed two main topics: increasing OSCA target fees by a penny and planning state shoot gifts for shooters. Regarding the fee increase, the group agreed to table the decision until they can develop a written plan specifying how the additional funds would be used for youth sporting clays programs in Ohio, with a focus on ensuring the money stays within sporting clays rather than going to general SCTP programs. For the state shoot gifts, they reviewed last year's spending of approximately $23 per shooter and discussed options around $20-25 per gift, with plans to explore cooler or similar items that could potentially include sponsorships. The next board meeting was scheduled for November 9th at 7:30 PM.

**Next meeting:** November 9th, 2026 *(2nd Monday of the month)*

**Adjourn:** Meeting adjourned by Sean Alley at 8:32 pm
